INTERNATIONALLY ACCLAIMED:

To us, all of our makers are award-winning. But here's some that have scored international acclaim:

2-times World Champion creative blacksmith, Dan Davie will be onsite mentoring youths in the art of blacksmithing through "Forge Ahead"

From Uki to UK, one of Michele Bevis' incredible glass beads gained a FINALIST in UK's International Bead Biennial

Amrita Park Meadery recently claimed a GOLD in an international competition held in Poland - against the best meads in the world!

New exhibitor Imbibis Craft Distillery is a repeated winner at the London Spirit Competition, recognised for its quality gins and brandies.

INTERESTINGLY....

The Roddau family farm, host of the Vintage, Rare to Late Model Tractor Expo (reportedly the 2nd largest in Qld) was a chosen supplier of flowers for Princess Diana's funeral.

Master carver Bruce Weier has had his works published in a UK Wood Carving magazine, circulated through Europe.

Honing his skills in Italy, India, Nepal, Bhutan, Asia & Japan, Papermaker & Bookbinder Dion Channer makes paper and papyrus exactly as it has been made for millennia, using ancient - even outlawed - methods.

CHURCHILL TRUST

Winners receive an opportunity to travel overseas to conduct critical research in their chosen field. Among our makers, Churchill Trust recipients include Saddler Peter Castles and Tinsmith Rebecca Morgan.

THE FAIR & THE COMMUNITY

The Heritage Makers Fair is community-driven - by the community for the community.

Hosted by the Gympie Rotary Club, the event partners with many volunteer community groups and charities who provide services at and for the event. This assists with fundraising endeavours, membership drives, networking and awareness.

Gympie: Forged in Gold, Celebrated in Craft

In 1867, James Nash struck gold near the Mary River, sparking the Gympie Gold Rush and saving Queensland from economic collapse. Known as "the colony's saviour," Gympie's golden past makes it the perfect home for the **Heritage Makers Fair**.

Hosted by Gympie Rotary, this event, the largest of its kind in Queensland, is a tribute to traditional trades and the artisans who keep

them alive. From blacksmithing and woodcraft to fibre arts and award-winning quilting, the Fair brings together over 80 skilled makers in a celebration of heritage, creativity and craftsmanship.

Enjoy non-stop demonstrations, connect with passionate masters and makers, experience history in action at the Gympie Pavilion and Showgrounds.

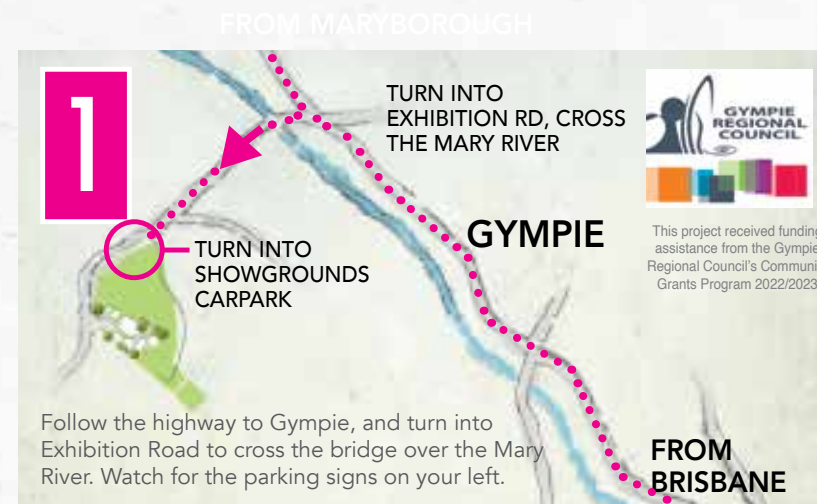

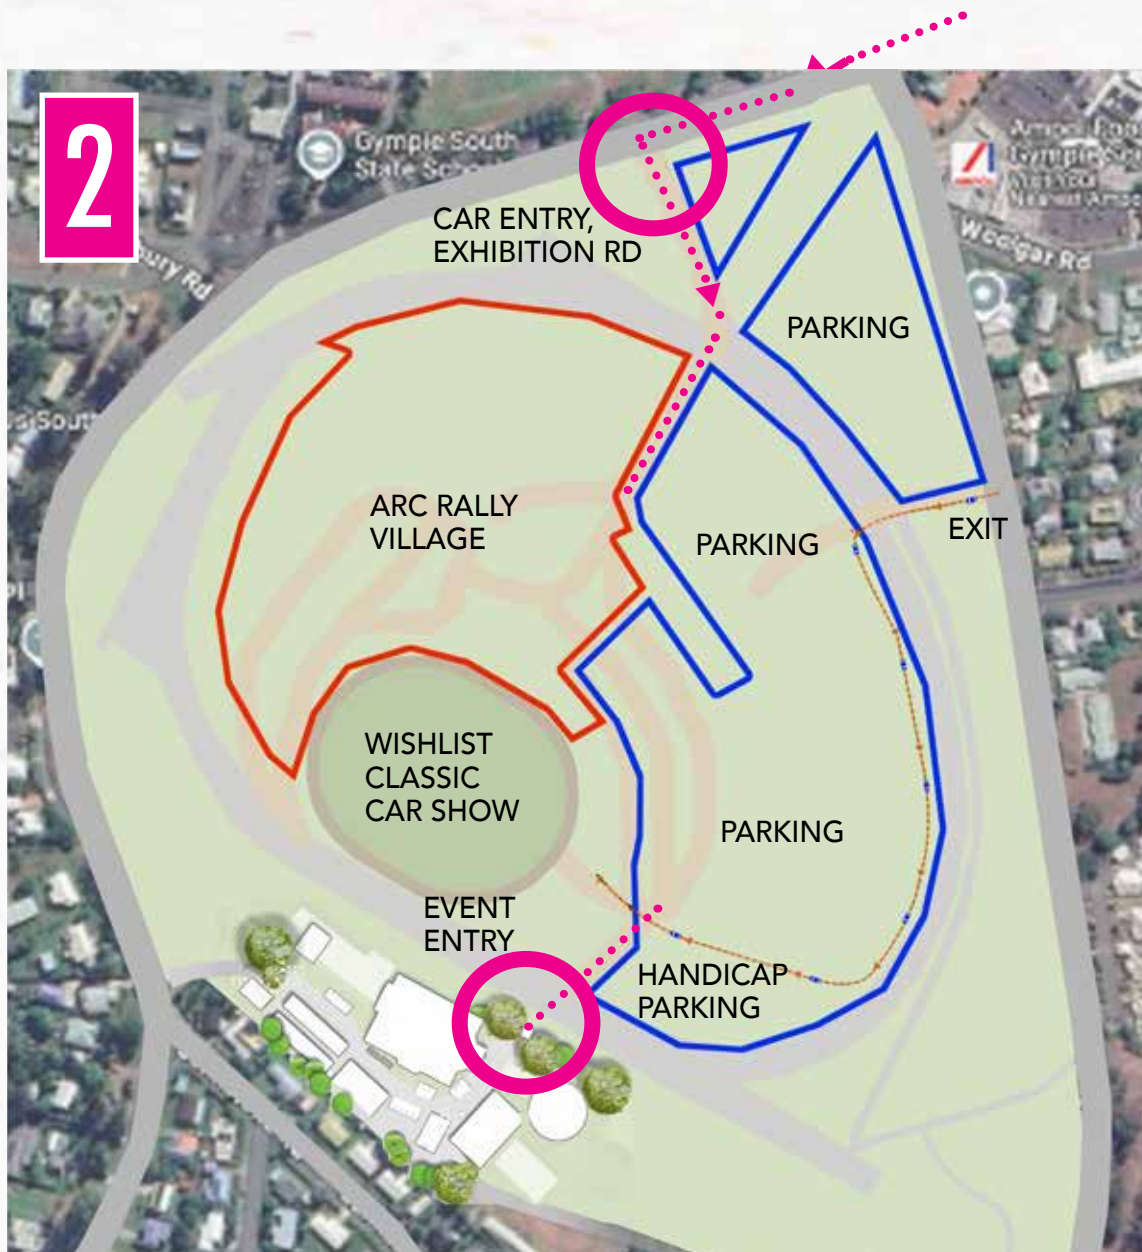

Just half an hour's drive on the way to K'gari and

the Coloured Sands, the event continues with a vintage, rare to late model tractor and historic engines expo.

While you're in the area, take time to explore more of the region: ride the Mary Valley Rattler, explore the Coloured Sands, visit local museums, and wander the charming Mary Valley.

**Discover the craft.
Embrace the history.**

NEW CATEGORY: SUSTAINABLE QUILTS

A "Sustainable quilt" is defined as having been made with minimal negative impact on the environment. A minimum 75% of the fabric used should be re-purposed from materials/ functional textiles (eg curtains, clothing or bedding) and discarded items (eg packaging). The remaining 25% must be from vintage/ old fabrics from your stash, not bought new.

The quilt below is made almost entirely of recycled fabrics found in op-shops. This includes silk ties, shirts, a scarf and an old flannel sheet (used as batting). "The challenge for me was to use these unwanted, discarded items to make an interesting quilt with an important message for us all – there is no longer any doubt that it is 'Time to Go Green'" says Nicky. It will be on display as part of the Material Makeovers exhibit in the Pavilion.

Below "Time to Go Green", Nicky Haron

SNEAK PEAK! QUEENSLAND QUILTERS SHOWCASE

Brisbane-based Queensland Quilters annually hosts one of Australia's largest quilting shows - a huge collection of some of the most stunning quilts in Australia. To see some of the 2023 entries, click here; www.qldquilters.com

The Rotary Club of Gympie is proud to showcase a selection of over 20 of these quilts, judged "Best of Show" and Award Winning.

SNEAK PEAK! THE EXTREME SPORT OF TEXTILE CRAFTS IN STREET ART

Yarnbomber, guerilla crocheter, knitter Annette has covered all sorts of things - trees, street furniture, wheels, antiques, appliances, sometimes constructing objects to cover - cats, fixtures, kangaroos, paint cans.... it's quirky, pushes boundaries - and is a whole lot of fun!

Her adventures, with her lacey crew, include:

- flying to New York, sitting next to three lacey pigs... as artist in residence at a knitting expo
- transporting a mob of lace-adorned roos to Trivento, Italy, installed as part of the International Yarn Bombing Day
- bringing a raft of Fairy Penguins to the "Flown In From Australia" display, Cologne's International Yarn Bombing Expo

SNEAK PEAK! MATERIAL MAKEOVERS

Deconstructed, reimagined, reconstructed into useful, functional – and gorgeous! – items, rescued from becoming land fill. This is a collaborative collection of “material makeovers”, coordinated by Nicky Haron and Jo Quelch. It’s a delightful eye-opener to the possibilities of upcycling.

In this exhibit are functional items (vessels and bowls, toys, sensory quilts, wall hangings) recreated using old dressmaking pattern tissue, facemasks, recycled old neckties, old threads, tea towels, costumiers floor remnants, old flannel PJ’s, vegetable bags, old linens, doilies, scrim... and imagination.

MAKERS MARKETS!

A plethora of diverse traders offer rare and exquisite fabrics, accessories, wonderful artisan handmade wares, make'n'takes and free demonstrations - you'll be sure to find that elusive accessory, source another "must-have" item, find the perfect gift...

OUR WHEELWRIGHT RICK STANFIELD, ONE OF THE FEW REMAINING TRADITIONAL WHEELWRIGHTS, LEARNED HIS TRADE FROM HIS GRANDFATHER.

"It's a lot of work to prepare for each wheelwrighting demonstration. Before each show, the hub, the spokes and the wooden felloes (outer rim) need to be prepared, taking many long hours to hone, shape and precision dowel them together." says Rick.

During the show, a fire is built and stoked, ready for the steel rim. When the hot coals are just the right temperature, Rick and his team begin an almost choreographed "ballet" around the fire, masterfully rendering the rim malleable enough to be able to fit it tightly and permanently to the wooden wheel. The tossing of water starts and a constant cloud of steam billows. The sight and sounds of the wheelwright, working frenetically with his hot metal rim, the "chink, chink" of his smithy's tools, the hiss and smell of the rising steam, are indeed evocative of another time in history.

DOMESTIC TEXTILE & FIBRE ARTS

HIGHLIGHTS

- get Tintyped!!
- try your hand at weaving, more
- see Riverbend Medieval Society in party mode, with medieval games aplenty!

The venue is transformed into a busy hub for fibre, textile and domestic arts. Alive with creativity, it brings together weavers of wool, wheat, wire, fibres, reeds... even weeds. Eco-dyers, spinners, felters, lacemakers, a tintyper and Cantiquity share their skills in a celebration of craft, heritage and hands-on learning.

THE "BYTHEWAY" CAFE & STAGE

WHY THE BYTHEWAY?

The Heritage Makers Fair is a celebration of the skills and spirit of those who shaped our past and built the foundations of our present.

One such figure was Edward Bytheway, a little-known yet influential pioneer of Gympie's golden rush era. A businessman, mine owner and community leader, Bytheway played a key role in developing Gympie from 1867 to 1905. He was a driving force behind the town's cultural growth, founding an arts movement and was instrumental in establishing the School of Arts building - this iconic building is now the Gympie Regional Gallery.

AN INSPIRATIONAL LINE-UP OF SPEAKERS & DEMOS

- Start your day with the delightful Cooloola Community Orchestra... grab a coffee, a program and plan your adventure!
- Throughout the day, drop in and enjoy inspiring talks as masters of heritage trades share their stories, journeys and challenges.
- Discover the craft behind award-winning brews with insights from mead makers and brewers.
- Wrapping up each day, don't miss the cook-off between chefs Matt Golinski and Glen Barratt - with traditional techniques, native ingredients and a ton of wit, these two create culinary masterpieces!

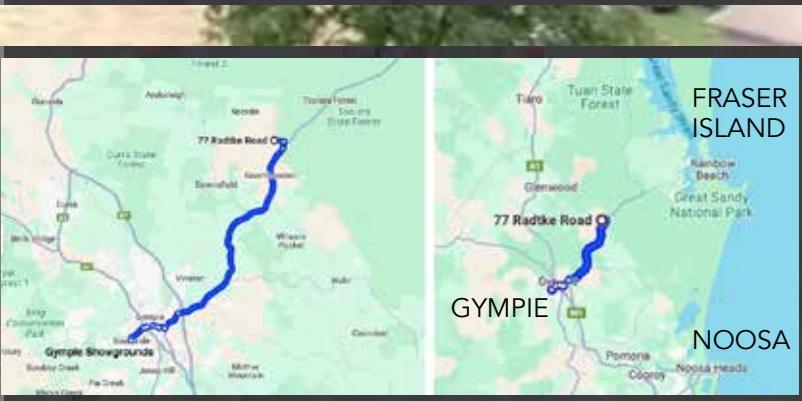

HOPE EDWARD WOULD HAVE BEEN PLEASED!

VINTAGE, RARE TO LATE MODEL TRACTORS & HISTORIC SMALL ENGINES

Just 30 minutes from the Gympie Showgrounds, the Roddau family's 400-acre farm has been home to five generations since 1921. Over the past century, they've built what's believed to be Queensland's second-largest Massey Ferguson and Massey Harris tractor collection - with over 90 machines, spanning from 1937 to 2023. Some are incredibly rare, with only one or two left in the country. Each tractor has its own story - and now, for the Gympie Rotary Heritage Makers Fair, the family is opening their sheds, polishing the collection, and sharing it all with the public. As Roy Roddau puts it: "It's for future generations to see what was out there way back."

WHERE – 77 Radtke Road, Kia Ora - entry is included in your HERITAGE MAKERS FAIR ticket www.trybooking.com/CYKKU
Whether you're a seasoned collector, a farming enthusiast or simply looking for a great experience, come along, stroll around this collection, which also *includes an impressive array of historic small engines*.
With music, snacks and a bar, it's a great way to round off, or start your day or Fair weekend!

Historic STONEHOUSE MOORE

OPEN 4TH WEEKEND OF JULY *Annually*

Join us as we open to the public, the preserved Historical story of the Williams Family. Be captivated by an amazing part of Queensland's History, the Stonehouse, Moore.

Named after the Village Stonehouse in England, this Heritage Listed Stonehouse property was built by Robert and Charles Williams, Stonemasons from England.

Stonehouse was a Licensed Inn, consisting of 9 Apartments, Stables, Tack Room, General Store, Butcher Shop, Blacksmith, Cart House, Carpentry Shop, Barn, Piggery, Slaughterhouse, Stagecoach Stop, and a Mail Exchange between Esk and Nanago.

Visit Stonehouse and learn of its mysteries, deaths, manipulation, diamonds, bushrangers, and see the buildings that have stood the test of time...

If only these walls could talk!

WE'RE KEEPING OUR FINGERS CROSSED! ROADSIDE RELICS TBC

UNDER WRAPS! Roadside Relics is relocating and we're keeping our fingers crossed that the Heritage Makers Fair will host the Grand Re-opening!

Gympie's iconic Roadside Relics – an absolute must for all who appreciate our automotive and motorcycle history and heritage. The collection is gobsmacking - antique and vintage motoring and garage memorabilia 1900s - 1970s; antique fuel bowsers, signage, oil bottles and drums ... plus antique and vintage motorcycles, cars, even a hearse... with coffin.
